## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen held their regular meeting Monday night, June 13, at the Grange Hall in East Bethel. Approximately 40 East Bethel area residents attended the meeting.

The major topic of discussion was the maintenance and reconstruction of State Aid roads in the East Bethel area. Ervin Maynard, Division Engineer and Norman Worthing, Assistant Division Engineer, were present to discuss projects planned for this summer. It was indicated that about \$45,000 will be spent seal coating and mulching the East Bethel and East Bethel/Locke Mills road and that about 1,500 feet of the East Bethel/Locke Mills road in the area of Swans and Fosters will be reconstructed at a cost of about \$25,000.

Area residents also expressed concern about fire protection and roadside spraying during a question and answer period.

In other actions, the Board approved a weapons permit for Peter Haines, and voted to authorize the Town Manager to order the radios for the highway department which were authorized at the Special Town meeting, May 31.

The Board adopted Administrative Rules and Regulations for the Fire Department. These were approved pursuant to the passage at the Special Town Meeting of a new Fire Department Ordinance.

A public hearing was held on the application of Moore's Restaurant, (formerly Fred's) for a liquor license. Mr. Moore briefly explained his operation and the license was approved. No one else spoke for or against the application. The Board also approved a victualers license for Moore's Restaurant.

The Board received a letter from the Town of Hanover concerning the possibility and cost of Bethel providing ambulance service to the Town of Hanover. Action was tabled until the next meeting in order to obtain additional information from the Ambulance Service.

The next meeting was set for Monday, June 27, at 7 p. m. at continued on Page Eight

I was one of those who hoped rain as much as anyone; but, do hope we have at least a few days of sunshine. Hope graduation doesn't get rained out as always felt it would be better outdoors.

Even though we get cool weather before every time one of the boys graduated it was always stifling in the gym.

\$17,775 refund on the Tree Growth Tax Law, which is due from the State sometime after Oct. 1. This money will be used to pay for the new equipment. Since the money may not be available until after the truck is delivered, it was voted to authorize the Selectmen to hire money, on a short term loan, until the money was available. It was voted to offer the 1966 Chevrolet Coleman 4x4, with body, plow hookup and wing, but not the plow, for sale by sealed bid.

After considerable discussion, it was voted to pass over an article to see if the Town would vote to accept the Skiway Road and Sunday River Village road as Town way. It was pointed out that this road did not meet specifications for a Town Way at the present time. The Skiway has plans to bring this road up to standards, and a letter was presented from P. H. Chadbourne Co., stating that they planned to do the work soon. It was suggested that a conditional acceptance might be made, subject to completion of the project to the satisfaction of the Selectmen and Planning Board. A motion was then made to pass over the article, and was carried by a vote of 23 to 20.

Also, after much discussion an article to see if the Town would vote to plow the Coombs Road and Viking Village Road was defeated by a vote of 28 to 13.

Since the Bethel Historical Society had notified the Selectmen that they were not able financially to take over the Sunday River School House at this time, an article to see if the town would vote to donate the school house and contents to the Society was passed over.

The fourth grade went to Reed State Park Friday. Those from Newry making the trip were Brent

## Greenwood City

— Mrs. Colista Morgan, Corres. —

Reginald Heber said, "Spring unlocks the flowers to paint the laughing soil." The flowers are going up over the hills this week I found it so. I started up "Mosquito Lane." No place is so infested with mosquitoes as this, the Bulldozer Road.

I checked on my skunk cabbage. It seemed to be thriving. How Jack could set up his pulpit among all the insects I wondered, but there he was! I stopped to flash his picture; he was so immaculate in his stripes, a quaint little preacher ensconced in his delicate pulpit.

Christina Rossetti said "Flowers preach to us if we will hear." I stopped for just a moment but his voice was too soft to catch the words among the voices of a little million mosquitoes. So I hurried on to get to the fields before I was carried away by them.

Daisies and buttercups are appearing everywhere now.

You must look for daisies when days are longest:

Look then for buttercups, too. You will find them out where sunbeams shine strongest;

For they thrive upon sunlight and dew. In clams they settle along rural roadsides;

Their cities they build far and fair. The ermine of monarchs and gold of a Midas

For them every day wear." —Frank P. Fletcher

And peeping up at me from the grasses were the little blue eyes—

The blue-eyed grass. I sometimes wonder why

So few have sung its well merited praise. They neighbored me in far-off

barren days. These bits of blue dropped from the cloudless sky.

So unpretentious, yet so full of cheer were they:

So independent, yet harmonious; So prime, erect, unceremonious;

Worthy of their place in June's lovely bouquet." —Frank P. Fletcher

The dandelions, too, were wearing a cheery golden smile. I think their span of life outlasts all others.

Beyond the wall where over so many years the roses have bloomed; they were missing today, at last crowded out by the fast spreading juniper bushes.

I went to the old cellar holes and to the lilac bushes which I did not get to see earlier, a time that is usually a breath-taking sight. I looked within the thicket to see if the catbird had nested there. No nest but one solitary blossom stood in view.

I now moved over to "Lake Rock" so enclosed with bushes that I could not see out. What a change since the many times I guided the way here with a little hand held in mine.

Crossing another field I sampled the wild strawberries ready to pick.

I went through a gap in the wall to take a short cut down over the mountain. Here were the delicate ferns, adding lace to the rocks. In these woods life had returned to the children of nature; birds, flowers, and insects.

I wasn't sure at this point where I'd come out. Soon I knew—the blackberry patch! The worst traveling on the whole hill. I picked my way out until I found our spring. Then I had to decide

whether to take the longer, easier way or the short steep way. I choose the latter.

From down the hill I heard the unmistakable song of the thrush, and the song of other feathered friends. My noisy footsteps, in this concert seemed an unnecessary intrusion.

When at home, I had a new friend on one of my flowers. It resembled a huge bumble bee as it went within the blossoms but

darted about like a hummingbird. Not knowing what it was I spent some time photographing it. I then searched my books to identify it—a hummingbird clearing moth.

It belongs to the class of Sphinx moths which are wonderful flyers. Their caterpillars earned for them their name of "sphinx."

From the experiences of the last few hours I felt enriched; just these few minutes of a life time gave pleasures I was glad I had not missed.

Some of the Betts family were at their home here over the week end, returning to Portsmouth, N. H., on Sunday.

# STATE OF MAINE HOUSE OF REPRESENTATIVES

Karen L. Brown

The House defeated by a 77-58 vote, legislation to permit communities to hold elections to see if the Maine Milk Commission should control local retail milk prices. The bill would have allowed individuals to petition for local referendums to decide if a community should remain under the jurisdiction of the Milk Commission. Presently, the Commission itself decides which towns may be removed from regulation. Proponents of the measure argued that farmers did not gain from the regulation, only a few milk processors benefited. Furthermore, the Milk Commission kept milk at an artificially high price, and milk prices should be subject to the supply and demand of the free market like other food products. Opponents countered that the bill was merely a disguise to do away with the Maine Milk Commission which was needed to protect the Maine dairy industry. I felt all communities should remain under its jurisdiction and the present system should not be disrupted at least for the time being until other alternatives can be considered.

By a 65-70 vote the House accepted a plan to raise the state gasoline tax by one cent a gallon in order to provide money to improve Maine's roads. The levy would go from 9 to 10 cents a gallon. The hike would generate \$5.7 million the first year—\$950,000 would be used to reimburse communities for snow plowing costs, \$1.5 million for town road improvement, and \$3.5 million for road resurfacing. The bill would have roads repaved every five years rather than the current eight year cycle. Town Road Improvement Fund and snow removal reimbursement monies are needed in District 63 and continue to receive my strong support.

Finally the House endorsed a 45 cent hike in the state's minimum wage Thursday. On a 92-47 vote, lawmakers accepted a plan for a \$2.75 hourly wage, after defeating a proposal for a \$3 wage. Proponents of the \$3 proposal argued that Maine's per capita income is the lowest in the nation, and that a higher minimum wage would encourage people to leave welfare and take a job. Otherwise welfare is a more appealing alternative than work. Furthermore, the increase would buy dignity and respect for workers. Opponents, however, maintained that \$3 was too high and would put some Maine industries out of business. Moreover, \$3 is inflationary and would in their view markedly increase the cost of living in the long run. There were three committee reports, one for a minimum of \$2.75 per hour, another for \$2.50 and a third for three dollars. I supported the \$2.50 which I considered a more reasonable increase, less inflationary and not so likely to be a burden to Maine industry.

JOSHUA ROBERT SILLSBY, son of Mr. and Mrs. Robert Sillsby, celebrated his first birthday, June 11, at a party at his home in Arundel. Josh was presented with cards and gifts and a decorated cake. ## BRYANT POND GIRLS WIN TWO SOFTBALL LEAGUE GAMES

The Bryant Pond girls got off to a quick start in league play last week with two impressive wins over West Paris and the Rumford Point 'A' team. Mexico, Dixfield, Rumford Point 'B', Greenwood and Rumford round out the league teams.

At West Paris on Wednesday, the Bryant Pond girls were winners by a 16-3 margin. Sparkling infield plays and a hitting attack led by Jackie Martin (4 for 6), Suzette Wing (2 doubles), Sue Duguay (3 hits), Julie Martin (3 hits) and Brenda Cushing (3 for 6), were big factors in the victory.

The next evening the girls won over Rumford Point 'A' team by a 19-3 score. There were several hitting stars in the game, but again defensive play in the field was Rumford Points undoing.

Suzette Wing held the Rumford team to one steal as catcher Cheryl Roberts at third base and Jackie Martin at shortstop made several brilliant plays in the field.

Perhaps the play of the game however, was turned in by DD Seidel in left field when during a Rumford Point rally, she made a great catch of a line drive and turned it into a double play.

Linda Duguay was the winning pitcher in both games with very impressive performances.

Bryant Pond plays Dixfield, Greenwood and Rumford Point 'B' next week in league play.
